

Billie A. Field Memorial Lectureship

A bequest from Billie Alexander Field has endowed a program in Reproductive Biology in the College of Veterinary Medicine. The Billie A. Field Memorial Lectureship annually brings selected scientists working in the field of reproductive biology to the campus of the University of Illinois.

Francesco J. DeMayo, PhD
Professor
Baylor College of Medicine
Houston, Texas

Use of genetically engineered mice to investigate molecular mechanisms regulating uterine function

Tuesday, April 8, 2008

12:00 noon
