

BIOSECURITY PROTOCOL *for* ENTERING A PIG FARM

VARGA LAB
INFECTIOUS DISEASE EPIDEMIOLOGY

I College of
Veterinary Medicine
UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN

- 1 Remove your shoes (along with disposable booties, if any) and coat and place them on the designated shoe and coat rack at the entrance.
- 2 Cross the bench without touching your feet on the dirty side of the entrance floor.
- 3 Enter the changing area, remove all your clothes, place them on the clothing rack, and step into the shower.*

- 4 Take a shower and wash your hair using soap and shampoo.
- 5 Step into the designated clean area of the pathway and put on the farm-specific boots and coveralls.**
- 6 Enter the pig farm.

NOTE: All the movement should be one-way with no turning back in between.

* If showering facility is unavailable, change into farm-specific clothes and boots.

** Disposables can also be worn if farm-specific coveralls and boots are not available.
